How can I stay in control?

Changing Your Privacy Settings

By default, only users you add to your friends list can send you Snaps. If someone who isn’t your friend tries to send you a Snap, you’ll receive a notification that they added you, but will only receive the Snap when you add them to your friends list.

To change who can send you Snaps:

• Tap ghost on the camera screen to access your profile, then tap the gear icon in the upper-right corner of the screen.
• Tap the ‘Send me Snaps...’ option and choose either:
  • ‘Everyone’ - This allows anyone to send you Snaps (even strangers).
  • ‘My Friends’ - Only your friends are able to send you Snaps.

To change who can send you Stories:

• Swipe right on the camera screen to access your profile, then tap the gear icon on the upper-right corner of the screen.
• Tap the ‘View my Stories...’ option and choose either:
  • ‘Everyone’ - This allows anyone to see your Stories (even strangers).
  • ‘My Friends’ - Only your friends are able to send you Snaps.
